

CLARITY ON DEFICIENCIES

To,

The Joint Secretary (AFF),

Sub: Clarity on deficiency for CBSE Affiliation

Dear Sir/Madam,

This is with reference to deficiency in the mandatory requirements, stated for SS-00711-2324 (SRI CHAITANYA SCHOOL, PLOT NO 9 TO 16, MIYAPUR X ROADS, TELANGANA) in SARAS Potal. SRI CHAITANYA SCHOOL has applied for "Fresh Affiliation up to Senior Secondary Level". As per the given directions to fulfil, we took utmost care and completed the task. The following points were reflected for the school to work on.

1. The school has no facility for CWSN students to access the upper floors of the school.

The school IS CWSN friendly and have two lift facilities in the school. One lift is exclusively meant for the CWSN students. And with the help of lift and the helper, the CWSN students can access the upper floors of the school. Please find the photos of the same below:

2. Only 1 CWSN toilet for girls is reported and shown by the school. NO CWSN toilet for boys is seen. The school therefore has no separate toilets for CWSN, boys and girls on every floor.

The school have made arrangements for CWSN toilet for boys and girls on every floor. Please find the photos for the same below:

3. All the labs are under sized and look congested with students.

We have taken care of extending the labs as per CBSE norms. Please find the photos of the same below:

Biology Lab

Physics Lab

Chemistry Lab

Chemistry Lab

4. The school does not have a fully equipped library of the prescribed dimensions. The school is advised to upgrade its facilities in the light of SoPs issued by the Board before seeking affiliation.

The Library is also made as per the required size. The stock of books are also maintained accordingly. Please find the photos of the same below:

5. The school has reported the school to be in a single building. However another single storied building in green is seen inside the school premises.

The school is used by the management for their meetings and it is not a part of our school.
