

## **INFRASTRUCTURE**

We continually strive to provide the best facilities to our students. With our best robust offerings, we cover all aspects that can help make students life comfortable and productive. To break the monotony of traditional teaching Sri Chaitanya is a predecessor in conceptualizing classrooms with digital rooms, Audio visual room and science labs. This would be a comprehensive solution designed to assist our teachers meet the classroom challenges and enhance students' academic performance simple and practical.

### **Academic Facilities**

Sri Chaitanya boasts of some of the best academic facilities to give its students the utmost support to learn in the best way possible. We have taken every care that the latest technology is being used to provide students with real life experience. Some of the facilities which the school has implemented to make learning an interesting experience are mentioned below:

- ❖ Smart classes
- ❖ School Library
- ❖ Science Labs
- ❖ Computer Labs

### **Science Labs**

Our well-equipped labs are a testament to our belief in learning by doing. From practical experiments to other activities, these labs promote an activity-based approach to make learning more stimulating.

### **Sports Facilities**

All work and no play make Jack a dull boy. At our institution, we encourage a healthy balance of work and play. Students are encouraged to experience the challenge and reward of sports through diverse programs at the school level.

Our sports department is managed by qualified and competent instructors who design a sports curriculum that improves mental strength, concentration, physical conditioning and coordination, strategic and tactical planning and of course, teamwork.

### **Transport Facilities**

We pay close attention to the travel safety of our students. With a fleet of buses with 40 seats each, we ensure every student gets comfortable seating during their journey. Our buses meet all the required government regulation standards and have well-trained drivers who take care of pick-ups and drops on the assigned routes. We also have bus attenders who look after the students and take care of seating arrangements.
