

PRINCIPAL'S MESSAGE

Education is not just a process of giving knowledge for a future job but a lifelong process which creates an understanding of moral and ethical values to guide one's life in a right path. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face the future challenges. Parents, students and the school authorities are a team and we have to complement each other's efforts.

I believe my role as an educator is to guide and nurture the next generation to establish skills to achieve health, respect, prosperity and fulfillment. I am passionate about students being empowered to succeed. As Principal, I use all tools available to inspire staff, students and community to work together to promote student achievement and well-being.

At Sri Chaitanya, we focus on complete development of our students by involving them in both scholastic & co-scholastic activities as suggested by CBSE. As an avid supporter of effective and innovative professional development that encourages teachers and principals to be reflective and to continuously examine our practice to provide quality teaching and learning for each student, my role as Principal is to keep up with latest trends and research and be an active partner in the school's professional development. I am sure this will help our children to realize, understand & explore their talents.

Children learn a lot of values when they are involved in Sports & Games. Some of these life skills & values cannot be taught in the classroom or at home. Sri Chaitanya provides enough opportunities for the children to participate in Sports & games.

“Being a good leader isn't about having power over others, but about instilling power in others.”

With all my love, best wishes and blessings

Thank you.

Mrs. Sunira Goswami
Principal
Sri Chaitanya High School – CBSE, SUNCITY
