**Sri Chaitanya, the byword for success in any competitive examination, especially in engineering & medical, has taken giant strides since its humble beginnings with a Girls Junior College in Vijayawada in the year 1986. Sri Chaitanya is the brainchild of a visionary couple, Dr. B.S.Rao & Dr. Mrs. B. Jhansi Lakshmi Bai, who made a commitment to put Indian education on the global map. They quit their flourishing doctor practice abroad & set themselves to the task of redefining education, lending it a competitive global edge.**

## **CHILDREN MUST BE TAUGHT HOW TO THINK , NOT WHAT TO THINK**

**-MARGARET MEAD**

It is in the nature of children to possess thqualities of colourful imagination & boundless creativity. The secret to fun – filled learning lies in extending learning beyond the four walls of the classroom. Sri Chaitanya School encourages children to actively explore life around them, think , learn & also be expressive.

**The purpose of education is to replace an empty mind with an open one.**

**- Malcolm Forbes**

**I'm very happy with the progress Sri Chaitanya has made by imbibing value based education in its students to go with modern teaching/learning methods. As an institution , our goal is to produce a generation of well informed & emotionally sound citizens. I'm positive that in times to come we will continue this journey with elevated enthusiasm & provide a platform for holistic learning to students across the country.**
